REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to have an apparatus for crystalline growth as is now claimed. There is no teaching in the art to narrow the tube at the bottom and have the means to flow the gas. The cited prior art in the search report does not teach this idea. There is no suggestion in the art to modify the tube by decreasing the diameter at the bottom. The prior art merely shows straight tubes and gives no motivation to modify the shape of the apparatus, modify the growth. Therefore, the prior art does not teach nor render obvious the instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert M. Kunemund whose telephone number is 571-272-1464. The examiner can normally be reached on 8 hours.
